The revised lap on which the window opens will depend on the number of laps the boards/flags are displayed. When the Safety Car returns to pit lane and the boards/flags are withdrawn, the revised lap which the leader must complete to open the window will be displayed on the LAN and broadcast over the RMC. If there is a further Safety Car intervention during the "three green flag laps" that follow but prior to the revised CPS window opening, the Race Director will decide if the CPS window will be amended and any changes to the previous advice will be notified on the LAN and RMC. Any decisions made by the Race Director in regard to the above will be final and are not subject to protest.
